PROFILE

AI and transformation consultant focused on the EU AI Act. More than fifteen years at the intersection of market, business and delivery — first in B2B sales of digital and regulatory solutions, complemented since 2020 by thirteen certifications in project management, business analysis, agile methods and IT strategy. Today I help organisations adopt AI in a compliant way and with measurable results.

SKILLS

AI & EU AI Act

AI strategy & roadmap · EU AI Act compliance · AI inventory · Risk classification · AI governance · Agentic AI · Use case assessment

Project & delivery

Project management · PRINCE2 & PRINCE2 Agile · Scrum Master · Product Owner · Interim management · Business analysis · Requirements engineering · ITIL 4 service management

Digital transformation

Digital strategy · Process analysis & optimisation · Automation · Change management · Stakeholder communication · Business development

Market & customer

B2B sales · Key account management · SaaS solution sales · Regulatory & product compliance · International account portfolios · E-commerce & MarTech

PROFESSIONAL EXPERIENCE

July 2025 — present

Consultant for AI, Digitalisation & Transformation

Independent · Hamburg area

Supporting organisations through the strategic and operational delivery of AI projects, digital transformation programmes and process optimisation — with measurable business impact as the objective.

- AI strategies and roadmaps for mid-sized and large organisations
- EU AI Act: AI inventory, risk classification and governance structures
- Design and steering of digital transformation projects, agile and classic
- Process analysis, optimisation and automation advisory
- Interim project management and agile team leadership (Scrum, PRINCE2, PRINCE2 Agile)

March 2022 — June 2025

Account Manager, EMEA Sales

3E · Full-time

Building and developing strategic customer relationships across EMEA for SaaS solutions in EHS product compliance and product stewardship — hazardous materials management and regulatory compliance.

- Ownership of an international B2B account portfolio
- Tailored solution concepts for customer compliance challenges
- Close alignment with product and implementation teams to secure customer success
- Market feedback fed actively into product and company strategy

May 2021 – Feb. 2022

IT Project Manager

Dr. Jörg Freytag · Environmental analysis laboratory

Project management for the introduction and further development of a Laboratory Information Management System (LIMS) at a laboratory specialising in environmental analysis.

- Led cross-functional teams developing and implementing new LIMS technology
- Requirements analysis plus use case models, mind maps and rich pictures for solution documentation
- Coordination of internal and external stakeholders across scope, budget and schedule
- Project objectives delivered within the agreed time and budget frame

May 2020 – May 2021

Intensive certification period

AXELOS & EXIN · Professional training

A deliberate decision to use the pandemic period for a complete methodological repositioning: thirteen certifications in project management, business analysis, agile methods and IT strategy.

- ITIL 4 Strategic Leader — Digital & IT Strategy and Direct, Plan and Improve
- PRINCE2, PRINCE2 Agile and Scrum (Master and Product Owner)
- EXIN BCS Business Analysis and Requirements Engineering

July 2019 – Apr. 2021

Consultant for Digitalisation & Transformation

Independent · Hamburg area

Advisory on digitalisation initiatives and process design, alongside methodological qualification.

2017 – 2019

Account Executive, HazMat Compliance Solutions

1WorldSync · DACH

Sales of SaaS solutions for product compliance and hazardous materials management in B2B. Building and developing customer relationships across the DACH region.

2016

Senior Sales Manager

Akanoo · Hamburg area

Sales of an AI-driven personalisation solution for e-commerce — self-learning purchase incentives in real time. Early hands-on experience selling AI products and MarTech.

2014 – 2016

Account Manager Online

For Sale Digital Internet-Agentur GmbH · Hamburg area

Account management and development for digital sales and marketing solutions.

2011 – 2013

Key Account Manager & Sales Manager

hmmh AG · Hamburg

Key account management and new business development at one of Germany's leading e-commerce agencies.

2009 – 2011

Consultant for Digitalisation & Transformation

Independent · Hamburg area

First independent advisory work around digitalisation and business processes.
